

Student Led Conferences Rubric

Parents, please use this Rubric to as a tool to help your son or daughter improve and grow on their next Student Led Conference. This rubric is not meant as a GRADE!

Please WAIT to complete this rubric until the END of the conference!

Content Learning Targets	Did not do this	Did this a little or occasionally	Did this well, or most of the time	Did this VERY well, or ALL of the time
My child shared work from 4 (math, humanities, science, other) of their classes and clearly explained how the work demonstrated that he/she met (or is moving towards) the learning targets.				
My child provided the background information and examples from each of the assignments shared so that they made sense to me.				
My child effectively used his/her “conference prep sheets” to help him/her communicate clearly and effectively.				
My child made thoughtful connections between different assignments, different classes, and other outside knowledge.				

Habits of Work Learning Targets	Did not do this	Did this a little or occasionally	Did this well, or most of the time	Did this VERY well, or ALL of the time
My child has accurately identified the most important “next steps” in his/her Habits of Work without “avoiding” any important areas				
My child described honestly and accurately how their “Habits of Work” affect their academic progress.				
My child set realistic goals to address these “next steps” and created a workable action plan to guide their continued growth.				

Presentation/Communication Learning Targets	Did not do this	Did this a little or occasionally	Did this well, or most of the time	Did this VERY well, or ALL of the time
My child communicated their ideas in an organized manner.				
My child answered questions directly and honestly.				
My child had all of the materials they needed for their conference out and in use .				
My child made consistent eye contact while speaking.				
My child had good body posture for the whole conference.				
My child spoke clearly, at a good volume, and pace.
