

REALMS BACK TO SCHOOL PACKET

Rimrock Expeditionary Alternative Learning Middle School
...where learning is NOT a spectator sport!

Dear REALMS families and students,

We hope you are enjoying a fantastic summer. The REALMS staff are getting excited for another fantastic year with a few big changes.

We hope you will join us for the Back to School BBQ where you can meet our **two new teachers!** Quinn Daily, from Carbondale, Colorado, has joined our team as our second science teacher, and Laurie Rice from here in Bend has joined us as our 3rd Humanities teacher. Both of these people are fantastic additions to our staff and they are looking forward to meeting all of our students and families.

We are equally excited about the move to our new campus which coincides with our 10th anniversary as a school! The new campus on OB Riley Road is wonderful and we are looking forward to having our own home where we can continue to develop our identity as a unique school in Bend!

Please look through all that is enclosed here and return the completed forms to us ASAP by mail.

Enjoy the rest of summer! The REALMS Staff.
